

## NOTICE TO INVESTORS

### **Mexico City, September 28<sup>th</sup>, 2021 – BRASKEM IDESA S.A.P.I. (SGX: BAKIDE)**

Braskem Idesa ("BI"), in sequence to the Notice to the Market disclosed on March 1st, 2021, informs that on September 27th has signed the following documents:

- (i) Amendment to the ethane supply agreement ("Amendment") with PEMEX Transformación Industrial and PEMEX Exploración y Producción ("PEMEX") with settlement of previously existing contractual pending issues
- (ii) Agreement with Petróleos Mexicanos, PEMEX Logística and other Mexican governmental entities for the support to be provided by each party for the development of an ethane import terminal with the capacity to meet all BI's feedstock requirements ("Terminal Agreement").

The Amendment changes PEMEX's minimum volume commitment to supply 30,000 barrels per day of ethane until (i) the startup of the ethane import terminal, scheduled for the second semester of 2024, or (ii) February 2025, (which could be extended if there are delays in obtaining licenses), whichever happens first; and also gives BI the preemptive right to acquire all ethane PEMEX has available and has not consumed in its own production process until 2045. The purchase price for these volumes follow international price references reflecting current market dynamics.

The ethane import terminal will complement the ethane supply in Mexico as well as providing the additional ethane required by Braskem Idesa to operate at full capacity. The agreement for developing an ethane import terminal represents an important step towards increasing ethane availability and the competitiveness of the Mexican petrochemical and plastic industry.

To take effect, the Amendment and Terminal Agreement are subject to applicable corporate final approvals of Braskem Idesa's creditors and shareholders. Additionally, investments in the terminal are subject to final approvals by the competent BI's governance bodies. At the moment, BI cannot predict the outcome of discussions with its shareholders and creditors.

We remain committed to keeping investors informed of the latest corporate developments. For more information, don't hesitate to contact Braskem Idesa's Investor Relations team at +52 55 6234 1112 or via e-mail at [IRBraskemIdesa@braskem.com](mailto:IRBraskemIdesa@braskem.com).
