

## NOTICE TO INVESTORS

### **Mexico City, March 01, 2021 – BRASKEM IDESA S.A.P.I. (SGX: BAKIDE)**

Braskem Idesa ("BI"), complementing the notice dated January 07, 2021, hereby informs that it has signed with PEMEX Transformación Industrial and PEMEX Exploración y Producción ("PEMEX") and the National Center for Control of Natural Gas ("CENAGAS"), agency responsible for the natural gas pipelines and transportation in the region, the following documents to enable its continued operation:

- (i) a memorandum of understanding ("MoU") with PEMEX setting out respective understandings, for the discussion of potential amendments to the Ethane Supply Contract and for the development of an ethane import terminal, subject to negotiation, entering into definitive documentation, approvals of BI's shareholders and creditors, and with reservations of rights; and
- (ii) an agreement for natural gas transport service with CENAGAS, with a term of 15 years, such term conditioned upon the execution of the definitive documentation referenced in item (i) above.

With the execution of these documents by BI, BI immediately commenced to receive the service of natural gas transportation, which had been unilaterally terminated as disclosed in the Material Fact notice dated December 2, 2020.

The existing Ethane Supply Contract between BI and PEMEX has not been modified and remains in full force and effect. At this time, BI cannot predict the outcome of such discussions with PEMEX, its shareholders, and creditors.

BI will keep the market informed of developments relating to this matter to the extent required by law. For more information, contact Braskem Idesa's Investor Relations by calling +52 55 6234 1112 or by sending an e-mail to [IRBraskemIdesa@braskem.com](mailto:IRBraskemIdesa@braskem.com)
